

## Libraries Curriculum Summary

### **AIMS**

The simple aim of the work of the librarians is to encourage a love of reading and to foster the habit of reading for pleasure. In order to meet this aim we strive:

To encourage pupils to read a wide range of fiction and non-fiction reflecting a variety of realities.

To assist in monitoring pupils reading behaviours and support with the implementation of intervention where required.

To encourage the pursuit of personal interests through reading and research and to encourage curiosity in the wider world.

To create a welcoming and motivating environment for independent and directed study.

To maintain an up to date collection of books from a wide and diverse range of authors, illustrators and forms which support the curriculum and children's personal interests.

### **ACCESS**

At St John's there are two well equipped, comfortable and inviting libraries: one at Senior House and one at Byron House. Pupils are encouraged to suggest titles, authors and subjects to the librarian for inclusion in the libraries. The libraries are used for Library lessons, for curricular support, scholarship preparation, leisure reading, quiet playing of educational games, pastoral support and generally try to cater for any academic and pastoral needs the children may have. Staff and children therefore make regular use of the facilities. Break-times, lunch-times and before and after school are all points in the day when pupils can be found enjoying the facilities.

Senior House Library is open every day. It is manned at breaks and lunch-times, before school each morning from 8:05 and after school. 'Waiters' takes place in the library every day after school for children who wish to remain at school to complete their homework before being collected at 5:20. The library is also open and the librarian available for much of the school day so that individuals and groups can be sent by subject teachers to use the resources during lessons.

#### Byron House opening times:

The library at Byron House is open during morning break and also at lunchtimes so that children may browse and borrow books. In addition, children often visit the library with their class teacher during lesson times.

### **CURRICULUM**

In T2 – Form 4 there are discrete library lessons, which give the opportunity both to learn how to use a library and to develop a love of a wide range of books.

#### **Kindergarten (KG) and Transition 1 (T1)**

Through an introduction to the various component parts that make up a book the children will be encouraged to learn how to browse through books for interest and information. This work is carried out with the form teacher as part of Literacy lessons.

#### **Transition 2 (T2)**

The children continue to be encouraged to read and browse through books for interest and information. This year the pupils also learn how to use the library.

**Form 1**

Building on previous learning the children will be encouraged to learn how to browse through books for interest and for information. They will learn to use the library in a more independent manner. They are also encouraged to engage with and follow various book awards, for example the SLA IBA award and the LOLLIES.

**Form 2**

The children investigate the topic of 'Libraries' and develop their own ideas of why and how libraries are used. They learn the basics of how a simple library is organised and have the opportunity to assist in the management of the Byron house Library. They are also encouraged to engage with and follow various book awards, for example the SLA IBA award and the LOLLIES.

**Form 3**

The pupils are introduced to Senior House library. Through links with topics in the sciences and humanities they are guided in how to carry out research and access information for independent study. Each form has timetabled library and reading sessions where they are guided through a scheme of work that introduces them to a range of age-appropriate fiction and non-fiction texts and they are encouraged to explore these further in their own independent reading. Pupils are encouraged to take part in lunchtime book clubs and to apply to become a Pupil Librarian and to engage with various different book awards, for example the SLA IBA awards and the Excelsior award.

**Form 4**

The children learn about the organisation of the library and are encouraged to use the Dewey system to access books relating to their studies. With the support of the librarian they are encouraged to extend their reading repertoire. As part of their library and reading sessions they are introduced to more complex texts and develop a list of titles they would like to read as they move up the school. Pupils are encouraged to take part in lunchtime book clubs and to apply to become a Pupil Librarian, and to engage with various book awards, for example, shadowing the Carnegie and Kate Greenaway awards and voting in the SLA IBA and Excelsior awards.
